

FOR YOUR INFORMATION

MANY THANKS to all the volunteers who have generously contributed their time and talent toward making this Round Up, out of this world!

A SPECIAL THANK YOU to all our AA and AI-Anon friends who graciously prepared workshops and participated in the planning of this Round Up!

A WORD ABOUT SELF SUPPORTING: There are many A.A. Conferences held around the world and one of the most common misconceptions about these gatherings is that they are A.A. meetings. Conventions and Round Ups are special events which require a substantial amount of money to cover incurred costs. This event is funded exclusively through registration fees. No baskets are passed at any time. Attendance at this event is voluntary and as responsible A.A. members, "we pay our own way".

From the GSO Guidelines* on Central Offices/Intergroups:
"Suggested methods of financing a central office - Some service offices hold yearly banquets, conventions, and similar events, using the profits for support of the office."

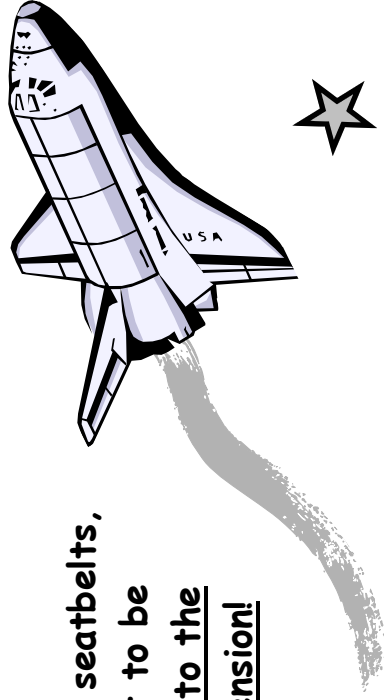

From the GSO Guidelines* on Conferences/Conventions:
"Paying the bills - The groups in the area, perhaps through their representatives on the convention committee, agree to underwrite the complete costs of the event. Since registration fees can be established at a level sufficient to cover the total costs, this should result in no actual out-of-pocket costs to groups. It's a good idea, though to put the tickets on sale well in advance of the convention and to know where the break-even point lies. Registration fees cover costs for special events."
